

# Accessories

DURABLE, CUSTOMIZABLE, ENERGY EFFICIENT

## VINYL MOLDINGS

- Comprehensive range of colors and lengths: White, almond, beige, dark grey and black
- High-quality vinyl construction
- Suitable for various project requirements
- Affordable without sacrificing quality
- Professional finish for every project
- Easy to match different designs
- Durable and long-lasting
- Ensures a clean, professional look
- Enhances the overall aesthetics of your project

## FASTENERS

- Wide range of fasteners including: screws and nails
- Plastic rivets available for specific applications
- Manufactured to the highest quality standards
- Suitable for a variety of materials and conditions
- Reliable and secure fastening for all project types
- Rust-resistant and durable for long-term use
- Versatile options for different installation needs
- Ensures structural integrity and stability

## ADHESIVES & CAULKING

- Panel adhesives bond FRP laminate to materials such as drywall, concrete, plaster, and many other surfaces
- The SIP-SEAL® product system is the standard of performance when constructing durable, airtight building envelopes.
- We feature Titebond® adhesives and caulks to ensure your installation goes smoothly. Titebond® FRP Adhesives are low VOC and environmentally friendly, and Titebond® caulks offer the lowest shrinkage rate in the industry, as well as nearly 500 colors.
